

**PRESIDENT EISENHOWER INVITES
MRS. FOLKERS TO SAFETY PARLEY****A. Pfleger Found
Dead in Bed**

August Pfleger, 67, long time resident of Mokena died in his sleep sometime during Monday night. He had lived alone in his home on Front street since the death of his wife in 1951.

Roy Erdman and family who live in the upper apartment of his home discovered him Tuesday morning when not hearing him about as usual, went into his rooms to see what was the trouble and found him dead in bed.

An autopsy was performed which found cause of death to be a blood clot in the lung, and it was thought Mr. Pfleger had died soon after retiring Monday night.

Mr. Pfleger was born in Germany June 17, 1886 and came to this country and to Chicago in 1910. He was united in marriage to Miss Helen Pfleger May 13, 1916 and set up housekeeping in the Pfleger property in Mokena where he has lived since.

When the Bowman Dairy company opened a milk plant in Mokena he was among the first employees, and later when the plant was moved to Chicago he continued working with the company. After 39 years in the Bowman Dairy employ he was retired in August 1952.

For a number of years he and his wife conducted an ice cream store in their home and later followed it with a grocery store. He is survived by a daughter, Mrs. William Morgan, Genevieve of Anderson, Ind., two grand children and a sister, Mrs. Dora Blauth, Heimkirchen, Germany.

The body was removed to the West End funeral home in Chicago Heights.

Funeral services will be held this afternoon, January 14, at 2 o'clock in St. John's Evangelical church in Mokena with the Rev. William Riemann officiating. Burial will be in St. John's cemetery.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Fred C. Whitlark, Big Round Lake, Wis., formerly of Mokena, announce the engagement of their daughter, Marlene, to Stewart B. Morrison, son of Mr. and Mrs. Bruce L. Morrison, Amery, Wis.

The President invites Mrs. Glenn Folkers to attend the sessions of the White House conference on Highway Safety to be held in Constitution Hall, Washington, D. C., February 17, 18 and 19, 1954.

The above is a copy of the wording of an invitation received by Mrs. Glenn Folkers from the President of the United States.

Mrs. Folkers, of Frankfort, national secretary of the Ladies Auxiliary of the National Rural Letter Carriers, left Sunday for Washington, where she also was to have attended a safety meeting Tuesday at the invitation of Ivy Baker Priest, treasurer of the United States.

The Tuesday meeting was the outgrowth of the deep interest that President Eisenhower has taken in the matter of highway safety because of the appalling yearly traffic fatalities.

Eight persons, including Mrs. Priest and Mrs. Folkers, will work out plans for the February conference, which is being organized into seven groups: business, agriculture, women's organization, public officials and media.

It is considered a great privilege to be able to serve with this committee, and Mrs. Folkers' friends are pleased that this area is being represented through her.

The President has stated that yearly traffic fatalities far exceed the total number of American military men killed in Korea. In addition to the cost in human life and suffering, he has cited an annual financial loss of \$3,750,000,000. Calling this sheer waste, the result of our own folly and indifference, the President called 28 national business leaders to attend a meeting in the White House last July 28 to discuss the highway - accident problem and what could be done about it. The President urged the group to give leadership in promotion of highway safety over the country.

After this meeting the businessmen met with Secretary of Commerce Sinclair Weeks, general chairman; Robert B. Murray, Jr., undersecretary of Commerce for transportation, and other Department of Commerce officials and organized the Businessmen's advisory group. All these groups will meet in the White House for the February conference.

Mrs. Folkers is primarily interested in highway safety for the rural carriers. Her interest was aroused in this problem when she noticed through traveling, especially in the east, how rural mail boxes were sometimes on one side of the road, and others on the other side of the road, causing the mail carrier to criss cross traffic to deliver the mail.

For the past three years Mrs. Folkers has organized efforts to have all mail boxes placed on the right side of the road, and to obtain road shoulders wide enough so that all four wheels of the carrier's car will be off the road when he is delivering the mail into the boxes.

Free Movies at Mokena Jan. 30

Quite a number of persons who attended the movie given by the Mokena PTA at their last program were unable to see it all because of a broken film. In order to repay those persons the Mokena PTA will give another movie Jan. 30 which will be free.

This movie will be given in the school as usual and will start at 7 pm.

Though Christmas Day is Over

It happened on one Christmas Eve that God looked down and cried,

He looked upon the earth below with grief He could not hide. The world He'd made with His own hands and saved with His own blood.

Once more it lay in war and hate, and sin as black as mud,

Those blessed tears fell down through space and pure as snow they came

Covering up with a blanket of white a world of sin and shame.

Then God called Goodness to His side and said: "Now you must do your part,

Go down to earth and wake their souls and knock at each one's heart."

So Goodness did as she'd been told and knocked and begged and cried.

"Open your hearts and let me in, and there will I abide." Then being it was Christmas Day the world said "Do come in,

But only stay for this one day, I must get back to sin."

And so it was on Christmas Day that God looked down and smiled

Upon an earth where Goodness reigned, where hate had been defied,

Then Christmas Day was over, but Goodness would not leave. She stayed and pleaded, called and knocked, she cried and begged and grieved.

She'll always be there knocking at the hearts of all mankind. There with gifts of hope and joy, of love and peace of mind.

And though it isn't Christmas, if mankind abandoned sin And gave their love to Him above, then Goodness would come in.

**COMMUNITY CHAIRMEN ENLIST
WORKERS IN POLIO CAMPAIGN****Planning Spring
Work for Mokena's
Recreation Park**

The Mokena Park committee held a special meeting in the home of Dean Rueckert Monday evening January 11 with a member submitting a written list of suggested facilities to be included in the recently acquired park. As expected, the suggestions were many and varied, particularly so since these suggestions were intended to cover not only the present needs of the park, but also those which would be required within the coming years.

Chairman Rueckert is to furnish all members with a recapitulation of all suggestions submitted. Members of the committee will then have an opportunity to consider the sum total of all suggestions and add or subtract therefrom before the list is given to William E. Rose, of Hinsdale, Illinois, park planning specialist. Mr. Rose will incorporate these suggestions when laying out the basic plan for the grounds.

The emphasis is on the long range approach, the intention of the committee being that the available money be spent wisely and effectively, thereby gaining maximum use from the money contributed by residents of the Mokena vicinity. Various offers of help in the way of free time and material have been received, and since these are translatable in terms of money, it is important that they too move according to a pre-determined pattern rather than be squandered in a hit and miss method.

It is anticipated that the plan will be completed in time for the Spring season, and anyone wishing to donate their time or equipment to the park should contact chairman Dean Rueckert. They will receive a grateful response from the committee.

**WILL INSTALL
OFFICERS OF
5 POINT POST**

A joint installation service will be held at 8 pm. Saturday by the Five Point Amvets post and auxiliary in the VFW hall, Mokena.

Thomas Everhart is the new commander of the post, and Charlotte Schwartz president of the auxiliary. Other post officers are Edward Carroll, vice-commander, J. F. Koopmann, junior vice commander, Eli Sushka, judge advocate, Earl Wolfgang, provost marshal, Harry Cooper, finance officer, Marion Pfaff, adjutant, Fred Dalaker, service officer, and Joseph Wajda, chaplain. Chester Polinski, Kankakee, will preside.

Other officers of the auxiliary, to be installed by Dorothy Pehr Korn, Crete, are Evelyn Sushka, senior vice president, John Moore, junior vice president, Dolores Koopmann, secretary, Lauretta Carroll, treasurer, Madeline Barenz, chaplain, Eleanor Hostert, public relations, Donna Edmonds, liaison officer, and Cele Cooper, sergeant at arms.

Mrs. George Novak, chairman for New Lenox, urges all business and professional organizations to make special contributions during the drive.

"We also are depending to a large extent on each school child filling out one or more school cards and turning it in to his teacher," she said. "We want every individual who shall have by now received a coin card through the mail, to send back such a contribution."

"Initial gifts contributed in our community are \$10 from Peter Rob and \$10 from John Rob of the Will County Well Drilling company, \$10 from the Fredin Construction company, and five dollars from H. S. Brockway."

The Orland Park drive is in charge of Mrs. Mabel Ekberg, chairman, assisted by Mrs. Harry Anderson. They have placed containers in the schools and places of business for contributors to drop in their extra change. Mrs. Ekberg asks that anyone who has received an envelope in the mail for a donation, mail it to her.

"Coin cards are a major source of contributions to the campaign," she said. "I urge everyone to join in the march for victory over polio by sending their contributions today."

She pointed out that there is space for 20 dimes, as well as for dollar bills and checks. January 9 between 7 and 8 p. m. Tinley Park mothers will conduct a "Mother's March on Polio". They will work within their own neighborhoods calling on those who wish to give and have so indicated with lighted porcheights.

Anyone wishing to help may call Mrs. Frank Sobell, at KE-logg 2-2738.

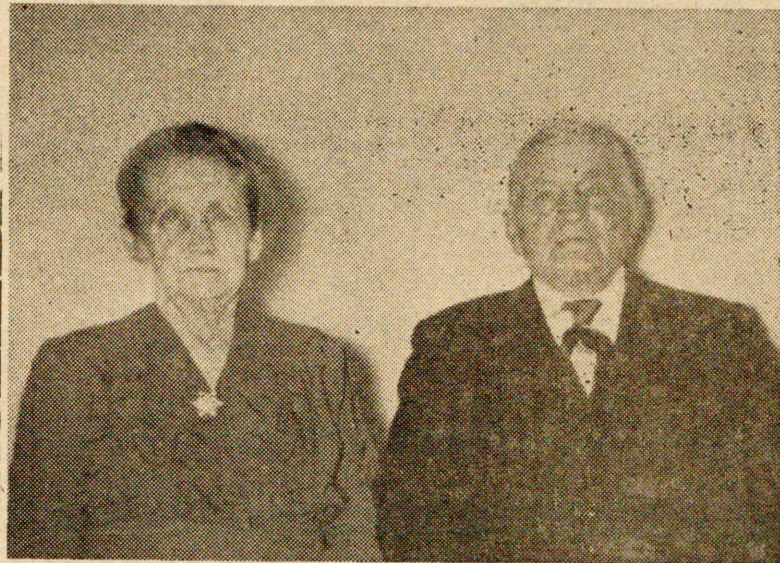

Mrs. Albert Cappel, chairman Mrs. Hugo Niethammer cochair, for the Mokena drive, has announced that coin containers have been placed in stores and business places, and that coin cards have been distributed. Mrs. Louise Powers is chairman of the mother's march, a porchlight brigade which will go from house to house on Jan. 28.

The National Foundation for Infantile Paralysis needs \$26,500,000 to help carry out the new polio prevention program this year. It will spend \$7,500,000 on field testing a trial vaccine during the non-epidemic polio period beginning February 8 and ending June 1. It will further spend 19 millions to provide two or three times as much gamma globulin for use throughout the country this summer. GG, a blood derivative, proved successful last year in giving temporary protection against the paralyzing effects of polio.

Seven new tires worth \$140 were taken Saturday night or early Sunday from the Frankfort Implement and Sales company. According to Herbert Bixler, proprietor, entrance was gained through a back window. Two weeks ago, the back door was forced and \$80 taken.

Ray Mankowski, owner of Ray's Midwest store on route 30 near Harlem ave., was robbed Sunday night of an estimated \$700 in cigarettes, nylons and coffee. The front door was broken open, apparently with a crowbar. A squad from the sheriff's office investigated both burglaries but found no evidence.

**AUTO RING MAY
BE WORKING IN
HOMER TWP**

An abandoned and burned car was found Tuesday morning on the Doede property, formerly the Richard Gorman farm, north of the Duck Pond, by Larry and Gig Troutman, as they were running their trap line. The boys notified the state police and the county police were called by Loren Sass. Two days later the authorities found the charred remains of another car in this same vicinity.

Both late model vehicles had been stripped before being ignited. One of the cars was a 1950 model and the other a 1951 or 1952 vehicle, according to Chief deputy sheriff Walter McKay.

One of the vehicles was reported stolen from Summit Monday night. It belonged to Herschel Taylor, 7354 W. 61st St. Argo. The other was reported stolen in Argo on Wednesday.

The police believe that a car thief gang is using the area in Homer, east of Messenger's Woods, near Parker road and south of Route 7 for a dumping ground.

February 6 has been selected as kick off date for sale of brooms, whisk brooms and door mats by Lions club members for the purchase of lighting facilities at the new Lincoln-Way school.

Don Wennlund, New Lenox, chairman, said that each Lion member in Frankfort, Manhattan, New Lenox and Mokena will be assigned a definite number of homes on which to call. Nearly 8000 will be visited, he said. Stores operated by Lions members will carry the merchandise during the four days of the campaign.

Lions clubs in the four towns cited the necessity of a lighted field at Lincoln-Way after conducting a survey through their memberships. It was felt, said Wennlund, that without the lighting facilities, all home football games would have to be scheduled for the afternoon, thus depriving many adults of an opportunity of seeing the teams in action.

The Lincoln-Way Lions committee, organized to raise funds, met last Thursday in the Lions den, at which time officers were chosen, John Scarth, Mokena, is treasurer and Fred Lehmann, secretary.

Hunter Chapman, superintendent of the High school, was named honorary chairman. Club presidents Bob Fredin, Frankfort, Max Barnett, Manhattan, Ray Hoolehan, Mokena and Fred Reil, New Lenox were appointed as trustees to administer all funds collected and disbursed. Four others will be selected by them to act as project directors in each town. Weekly meetings have been scheduled to insure smooth and efficient operation of the project.

The products being sold are made by blind workers in the Arkansas Lighthouse for the Blind, Little Rock, Ark. They are of the highest workmanship and quality, said Wennlund, and will be sold at fair market prices.

The Lighthouse is a non profit institution devoted to the general welfare of the blind, under the direction of the Rev. Jeff Smith, who maintains that the best type of charity is by helping people to help themselves. It endeavors to provide continuous and gainful employment.

In 15 years' time the Lighthouse has obtained a \$100,000 building free of debt. More than one million brooms, thousands of pillow cases, rubber mats and feed bags have been manufactured. More than 120,000 brooms, 8,000 mailing bags, 1,000 towels, 1,000 feed sacks, 600 rubber mats and 5,000 mops were manufactured during 1953. This provided gainful employment and hours of happiness to those who live in the dark.

Contributions provide the training, equipment and materials needed to help the blind to achieve a worthwhile life and hold their heads up in dignity and self reliance.

The Lighthouse has a new rubber mat department, now producing commercial mats and door mats. They are assembled by machine from old automobile tires.

"Cap" has to be back at the Isle of Pines by that time to help his daughter, Dorothy, put up ice. He expressed great regret, and says that he can be counted on for next November.

"Cap" John Molter kept guests in the Ed. Mrosek home spell bound for three hours Friday evening while he entertained them with color movies of the Isle of Pines. This Isle is located near Ell, Minn., and borders Canada. It is owned by his daughter, Dorothy. Other guests were his daughter and husband, Mr. and Mrs. Stuart Culp and Mr. and Mrs. Albert Reeves.

Unseasonable weather has stimulated out of season activity and plant growth. A dandelion in full bloom was found in one yard New Years day. Brussels sprouts stumps are growing leaves, strawberry plants are a beautiful green, and some seed onions left in the ground from last year are sending up their green spikes.

One husband is disgusted because his wife dug a big hole along the south side of the garage. She explained that she was just making a hot bed. Hubby would like to know what will happen to the foundation of his garage when the hole fills up with water in the spring.

STYLE DIVIDEND

3 New Body Styles . . . 28 models

Ford offers you three brand new body styles in its line of newly created models. There's a new transparent-roofed Crestline Skyliner . . . a sparkling new Crestline Fordor . . . and a smart new Customline Ranch Wagon. There are 28 models in all, for each of Ford's 14 body styles is available with the new Y-block V-8 or the new I-block Six engine.

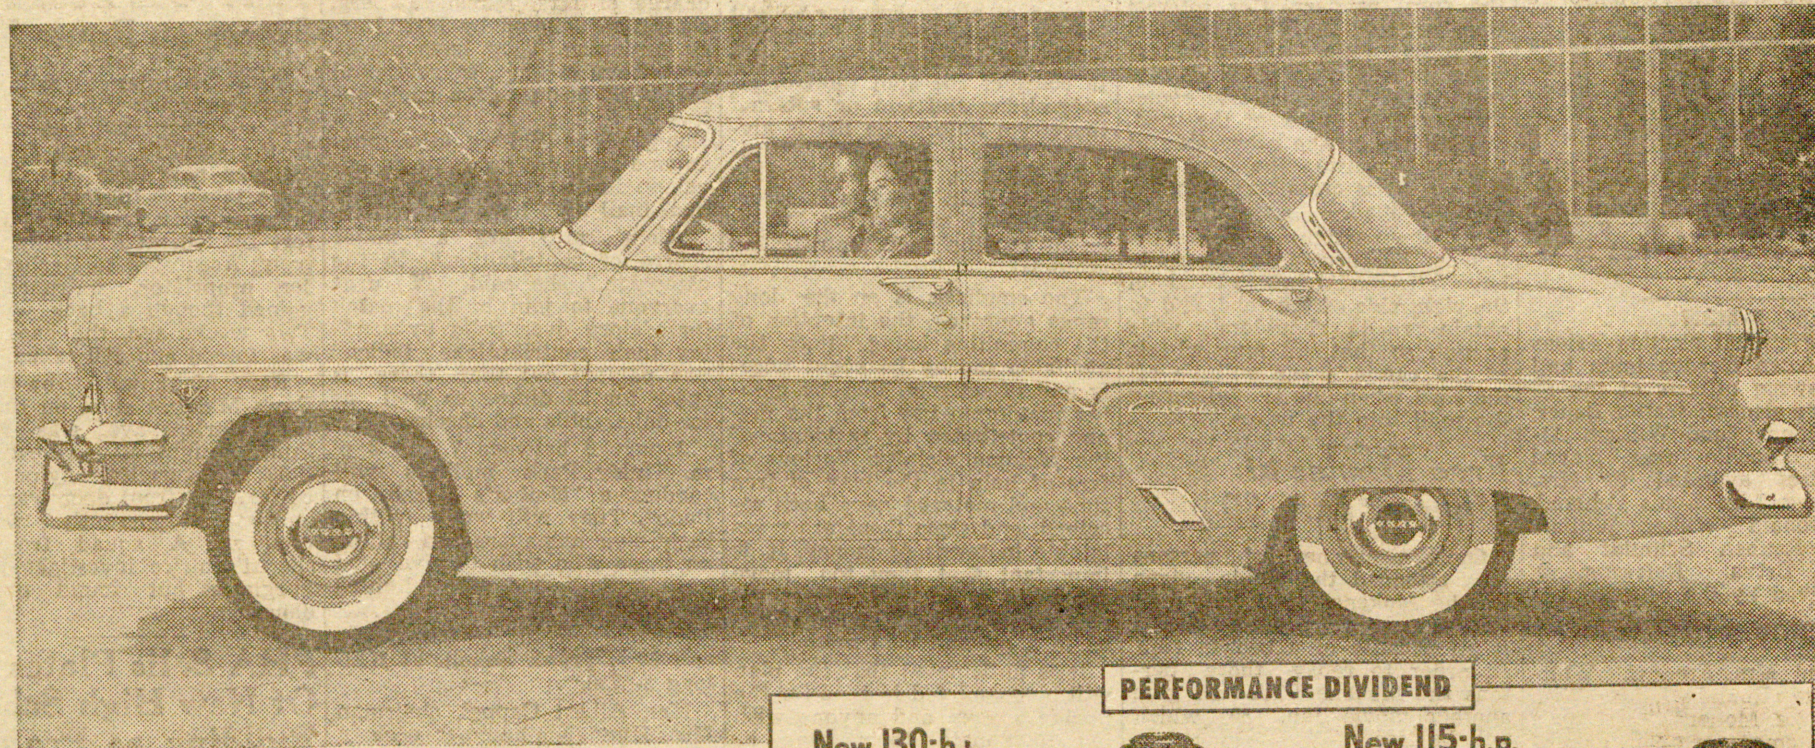

New Astra-Dial Control Panel

It's designed both for beauty and practicality. The speedometer is placed high on the panel where you can quickly spot the figures almost without taking your eyes off the road. Like the '54 Ford's beautiful new upholstery and trim, the Astra-Dial Control Panel is color-harmonized with the sparkling new outside body color of your choice.

With its trend-setting advances . . . Ford's worth even more for '54

It's the Dividends that make it Worth More

RIDE DIVIDEND

New Ball-Joint Front Suspension

This revolutionary new suspension is the greatest chassis advance in 20 years . . . and it's exclusive to Ford in its field. It gives front wheels greater up and down travel to smooth out the going on rough roads. And it helps keep the wheels in true alignment for consistently easy handling. Movement of the wheels is on ball joints. Movement up and down, as wheels travel over rough spots, or in steering as wheels turn right or left. Ball joints are sealed against dirt and water.

DIVIDEND IN DRIVING EASE

Ford offers five optional power assists* you might expect to find only in America's costliest cars

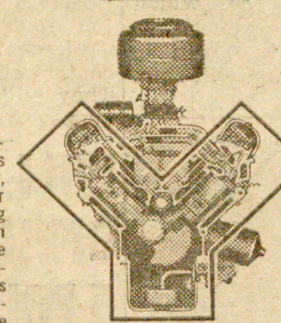

Master-Guide power steering does up to 75% of your steering work, yet leaves you with natural steering "feel" on the straightaways. Swift Sure Power Brakes do up to one-third of the work in stopping. Fordomatic Drive gives torque converter smoothness and the "Go" of automatic mechanical gears. And only Ford in its field offers Power-Lift Windows, both front and rear, that open or close at a button's touch. . . . and a 4-Way Power Seat that adjusts up and down, as well as front and back, at a touch of the controls. They're all worth-while optional extras available in the 1954 Ford!

*At extra cost.

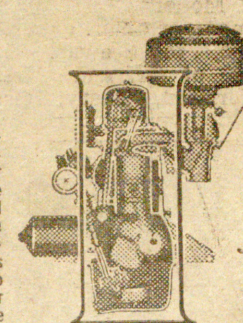

New 130-h.p.
Y-BLOCK V-8

An extra-deep skirt extending below crankshaft gives greater rigidity for smoother, quieter operation, longer engine life. Free-turning overhead valves, low-friction design, Double-Deck Intake Manifold and high-turbulence combustion chambers give brilliant new responsiveness . . . 15% more power, greater economy.

New 115-h.p.
I-BLOCK SIX

This new Six has an extra-deep block for greater rigidity, smoother, quieter performance, longer engine life. Free-turning overhead valves, high-turbulence combustion chambers, low-friction design and Ford's Automatic Power Pilot help produce 14% more power—with finer performance on even less gas.

No CAR in the low-price field has ever offered so many "Worth More" features as the '54 Ford. In addition to all the features that have already established Ford as the "Worth More" car, you now get a host of brand new dividends. These include a choice of two new deep-block engines . . . the most modern engines in the industry. You also get Ford's new Ball-Joint Front Suspension . . . beautiful new interiors . . . and styling that will make your heart beat faster.

And, remember, Ford also makes available to you all the optional power assists . . . features you might expect to find only in the costliest cars.

If you have not yet seen the new Ford models for 1954, come in and inspect them today. Then Test Drive a '54 Ford . . . and once you do, you'll want to drive it home!

ENGINE OVERHAUL

Gives you "New Tractor" Power Again

An old adage says: "There's a time to fish and a time to mend your nets." You mend nets when you can't fish.

It's the same way with farming. Now the rush is over — get set for non-stop farming next spring.

If your tractor lags on the hard pulls, schedule it now for an engine overhaul. You'll be surprised how little it costs to put new life in your old tractor.

We don't just "fix it" — we re-power it. Stop in and talk it over.

Illinois, presenting the most important factors pertaining to your 1953 Federal Income Tax return.

This article gives you the location of offices where you may secure information and advice on filing your 1953 return.)

The Income Tax filing period has begun. Every citizen or resident, whether an adult or minor who had \$600 or more gross income in 1953 must file. The dates of filing are from January 1 through March 15, 1954.

It is wise to file early. At least begin the preparation of your return as soon as possible after the end of the year. Getting the information together is the big part of the job. You may find that all is not readily available and an early start gives you more time to hunt up those hard to find items.

As District Director of Internal Revenue for this Northern District of Illinois, it is a pleasure to announce that the employees of my office will again be assigned to certain locations to render as much assistance to the public as possible for filing their income tax return. There is no charge for this service, which is given by well qualified agents.

The Northern District of Illinois is comprised of the twenty-six northern counties of Illinois. In Chicago, assistance may be

obtained in Room 1, United States Court House, Dearborn and Adams Streets, and at the seven division offices maintained at strategic points in the local communities. Due to limitation of space, no service will be available for preparation of tax re-

turns at the Headquarters Office 22 West Madison street, Chicago. In the Chicago area, evening telephone service will be maintained from 5:00 pm. to 8:00 pm. from January 2 through January 15, 1954 to answer questions of taxpayers who are preparing

New Lenox Takes Mokena by 1 Point

The Mokena Grade School basketball teams returned to action Jan. 6. New Lenox furnished the opposition on the Mokena floor in the second meeting between the two. Although the New Lenox teams were heavily favored, the final outcome of each game was not decided until the final gun. New Lenox jumped off to a four point lead in the first quarter but Mokena traded point for point the rest of the game.

The final score was 17-13 with the winning margin coming from the free throw line. New Lenox made five out of 10 attempts while Mokena could only score three out of 12.

The heavyweight game ended 24-23 in favor of New Lenox. New Lenox led 24-19 with only one minute left when Douglas Porick and Delbert Yunker thrilled the fans with long baskets to cut the margin to one point. However time ran out before Mokena could score again.
